

**UNDER CONSTRUCTION**

**The Armorel Gym Lobby Expansion Project will begin Monday, May 1, 2017.**

During the construction, parking will be impacted. Some teacher and student parking will be relocated. Traffic patterns in the parking lot will also be altered. Please be attentive as we monitor and adjust to the changes.

The front entrance/lobby area of the gym will be closed. The north side of the gym by the multi-purpose room will be used for access. Restroom facilities will be available in the multi-purpose room.

Some construction items will be placed this week. Construction will continue through the summer and early fall with a mid-October completion date.

I appreciate your patience and support!!
