

## School Plan

[Print Version](#)

**ARMOREL ELEMENTARY SCHOOL**  
4555 North State Hwy. 137, Blytheville, AR. 72315

**Arkansas Comprehensive School Improvement Plan**

**2012-2013**

It is the mission of Armorel Elementary School to encourage each child to reach his/her fullest potential in literacy and mathematics. Students will develop mastery of skills in the curriculum areas through technology and classroom instruction. The responsibility for education will be shared by parents, students and the school district.

Grade Span: K-6 Title I: Title I Schoolwide

School Improvement: MS

---

### Table of Contents

**Priority 1:** To improve mathematics skills

**Goal:** To improve performance on mathematical procedures, the elementary realizes we need a uniform curriculum in kindergarten through sixth grade. Each teacher has been trained in CGI strategies and these strategies are being incorporated into a math Curriculum currently being written by our math teachers, principal, curriculum coordinator, and math specialist from the Crowley's Ridge Educational Cooperative. Teachers are also using The learning Institute for interim assessments. Data from these assessments will be gathered and analyzed to determine areas of concern. This will allow the teachers to address weak areas in curriculum and make adjustments in their curriculum maps. Professional Development has been available to all Math teachers through CGI, Math Links, and Math Coaches Training. Therefore, our areas of concern K-6 will be addressed through ACSIP meetings during which teachers will analyze specific SLEs and collaborate to differentiate instruction to correct specific problem areas. We will also have grade level meetings once a month to analyze data submitted.

**Priority 2:** To improve literacy skills

**Goal:** To improve performance in Literacy both in comprehension of Practical text and writing skills, the Elementary realizes we have a need to replenish our resources of books. Our district has the technology to impliment student learning growth and tools to foster organization, referencing, and vocabulary. However, some books have been worn out and

some current non fiction books need updating. Professional Development has been available to all Literacy teachers in Ella/Elf, Writing Across the Curriculum, and AIMS Web. Our 6th grade teacher has been trained in Lit Lab and we will be sending our 5th grade teacher this summer. Therefore, our areas of concern K-6 will be addressed through ACSIP meetings during which teachers will analyze specific SLEs and collaborate to differentiate instruction to correct problem areas and more books will be purchased.

**Priority 3:** Wellness

**Goal:** The Armored School District will provide support for students in making Healthy Lifestyle Choices by implementing systems to aid in decreasing the average BMI on routine annual student screening and increasing collaboration between all segments of the school community in support of positive lifestyle choices.

**Priority 4:** Special Education: Early Intervention to Prevent Over Identification of Special Education Students

**Goal:** The number of minority referrals and placements in special education will be decreased and disproportionality within the special education program will be reduced.

**Priority 5:** Parental Involvement

**Goal:** Increase student achievement and foster a positive working relationship between the school, home and the community.

- 
- Priority 1: To improve and gain a more in-depth understanding of Mathematics, mathematical procedures, multi-step problems and open response items.
1. 2010 KINDERGARTEN MAT 8 MATHEMATICS- The lowest identified areas were Numbers of Operations, and Data Analysis and Probability. 2011 KINDERGARTEN IOWA TEST OF BASIC SKILLS-The lowest identified areas were Numbers and Operations, and Problem Solving. 2012 KINDERGARTEN WAS NOT TESTED
  2. 2010 1st GRADE SAT 10 MATHEMATICS- The lowest identified area was Numbers and Operations, specifically in the area of comparing quantities less than 100. Also in the area of solving problems by using a variety of methods and tools. 2011- 1st GRADE -The lowest identified areas were Geometry, and Problem Solving. Single Step was the lowest identified areas for problem solving. 2012-1st GRADE IOWA TEST OF BASIC SKILLS Data indicated 79% of our students scored Advanced or proficient with the lowest identified area in Problem Solving.
  3. 2010 2nd GRADE SAT 10 MATHEMATICS- The lowest identified area was in the communitive property however in all low areas for the district, we were above the National and State levels. 2011- 2nd GRADE IOWA TEST OF BASIC SKILLS- The lowest identified areas were in Problem Solving and Data Intrepretation. Multi Step and Approaches and Procedures were the lowest areas within Problem Solving. Implementation of CGI should address this problem. 2012- 2nd GRADE IOWA TEST OF BASIC SKILLS- Data indicated 71% of the students scored Advanced and Proficient with the lowest identified areas in Computation and Problem Solving.
  4. 3rd GRADE BENCHMARK MATHEMATICS  
The lowest identified area for Multiple Choice Items was Algebra, however, it was the highest for Open Response Items.  
THIS DATA INDICATES THAT THE THIRD GRADE NEEDS ARE IN GEOMETRY-STUDENTS UNDERSTAND CONCEPTUAL KNOWLEDGE, BUT LACK APPLICATION. IN ALGEBRA, STUDENTS NEED TO LEARN CONCRETE SKILLS. 2011- Data indicates 97% of our students scored Proficient or higher. However, the lowest identified areas are in Geometry, Measurement, and Data analysis and Probability open response items with
- Supporting Data:

over 75% of the group scoring a 4 or below. THIS INDICATES THE THIRD GRADE NEEDS ARE IN THE AREA OF OPEN RESPONSE QUESTIONS. 2012-3rd GRADE BENCHMARK MATHEMATICS Data indicated 100% of the students scored Advanced or Proficient with the lowest identified areas in Number and Operations, Geometry, and Data Analysis and Probability.

5. 4th GRADE BENCHMARK MATHEMATICS

2010 data indicated the lowest areas to be in Reasoning and Probability solving, and Mathematical Connections. Specific SLE problem areas are M. 13.10 and A. 04.03 THIS DATA INDICATES THAT THE FOURTH GRADE NEEDS CONTINUE TO BE IN APPLICATION AND REASONING. 2011- 4th GRADE BENCHMARK MATHEMATICS data indicates 81% of the students scored Advanced or Proficient. The lowest areas are Numbers and Operations, Algebra, and Geometry in Open Response Items with 66% of the group scoring a 4 or below. 2012- 4th GRADE BENCHMARK MATHEMATICS Data indicated 85% of the students scored Advanced or Proficient with the lowest identified areas in Geometry, Measurement, and Data Analysis and Probability.

6. 5th GRADE BENCHMARK MATHEMATICS

2011- 5th GRADE BENCHMARK MATHEMATICS data indicates 78% of the students scored Proficient or higher. The lowest areas are in Algebra, Geometry, Measurement, and Data Analysis and Probability Open Response with 93% of the students scoring a 4 or below. All areas except Geometry and Algebra were low in Multiple Choice items. 2012 5th GRADE BENCHMARK MATHEMATICS Data indicated 71% of the students scored Advanced or Proficient with the lowest identified areas in Number and Operations, and Geometry.

2009 data indicated the lowest identified area for the combined population was Data Analysis and Probability in Open Response Items, however, it was the highest in Multiple Choice Items.

The highest identified area was Numbers of Operations in Open Responses, however, it was the lowest in Multiple Choice Items.

THIS DATA INDICATES THAT THE FIFTH GRADE NEEDS ARE IN DATA ANALYSIS AND PROBABILITY-STUDENTS UNDERSTAND CONCEPTUAL KNOWLEDGE, BUT LACK APPLICATION. IN NUMBERS OF OPERATION, STUDENTS NEED TO LEARN CONCRETE SKILLS AND RULES.

7.

6th GRADE BENCHMARK MATHEMATICS

2011- 5th GRADE BENCHMARK MATHEMATICS data indicates 74% of the students scored proficient or higher. The lowest identified areas are in Numbers and Operations, and Measurement Open Response with 76% of the students scoring a 4 or below. 2012- 6th GRADE BENCHMARK MATHEMATICS Data indicates 85% of our students scored Advanced or proficient with the lowest identified areas in Number and Operations and Measurement.

8. The elementary school attendance rate exceeded the goal of 91.13% at 93.9% and met the attendance goal for 2010-2011 as reported by the AYP report. Armorel Elementary School received an Improvement School Rating of 4 which represents the category of Schools Exceeding

Improvement Standards. 2011-2012-The elementary school attendance rate of 95.91% exceeds the attendance goal for 2012. The elementary school is in the category of NEEDS IMPROVEMENT FOR MATHEMATICS. Our areas of concern are in All Students, Economically Disadvantaged, and Students with Disabilities for performance and growth as well as the three year projection of performance and Growth. We missed Growth in the All Students category by 10.69%, White Subgroup by 11.88%, Economically Disadvantaged Group by 16.24% and Performance of Students with Disabilities Group by 30.95%

9.

**Goal** To improve performance on mathematical procedures, the elementary realizes we need a uniform curriculum in kindergarten through sixth grade. Each teacher has been trained in CGI strategies and these strategies are being incorporated into a math Curriculum currently being written by our math teachers, principal, curriculum coordinator, and math specialist from the Crowley's Ridge Educational Cooperative. Teachers are also using The learning Institute for interim assessments. Data from these assessments will be gathered and analyzed to determine areas of concern. This will allow the teachers to address weak areas in curriculum and make adjustments in their curriculum maps. Professional Development has been available to all Math teachers through CGI, Math Links, and Math Coaches Training. Therefore, our areas of concern K-6 will be addressed through ACSIP meetings during which teachers will analyze specific SLEs and collaborate to differentiate instruction to correct specific problem areas. We will also have grade level meetings once a month to analyze data submitted.

**Benchmark** On the Benchmark Armored students scored 83.94% proficient or advanced in 2011-2012. This score did not meet expected AMO for 2012. The Benchmark for 2012-2013 school year is 86.11. This is an increase of 2.17%. Armored Elementary School is in Needs Improvement. Our Special Education population and the Economically Disadvantaged are our two lowest performing groups. Our special education students are at a deficiency of 16.07%, and the economically disadvantaged were deficient by 1.73%.

Intervention: Implement a standards based curriculum by providing technology and supplemental materials that will enhance higher order thinking skills. Teachers will also scaffold and support struggling learners to close the achievement gap.				
Scientific Based Research: Carpenter, Thomas P., Elizabeth Fennema, Megan Loef Franke, Linda Levi, Susan B. Empson (1999). Children's Mathematics: Cognitively Guided Instruction, Portsmouth, NH: Heinemann, NCTM (1999); Balanced Assessment: Elementary Grades Assessment, Parsippany, NJ: Dale Seymour Publications (1999); Balanced Assessment: Middle Grades Assessment, Parsippany, NJ: Dale Seymour Publications (1999); Erickson, Tim (1989). Actions	Person Responsible	Timeline	Resources	Source of Funds
Students will use calculators and manipulatives to support a standards based instruction, both	Joey Carr , RuthAnn Chappell, Judy Hunter and teachers	Start: 08/20/2012 End: 05/29/2013	<ul style="list-style-type: none"> <li>• Administrative Staff</li> <li>• Outside Consultants</li> <li>• Teachers</li> <li>• Teaching Aids</li> </ul>	Title I - Materials \$4806.80 & Supplies:

<p>for the traditional classroom and resource rooms. Additional manipulatives will need to be purchased to supplement CGI based instruction. Manipulatives will consist of base-ten blocks, Rekenrekes, ten-frame paddles, number balance scales, fraction balance scales and liter measuring sets. Action Type: Collaboration Action Type: Equity</p>				<p>ACTION BUDGET: \$4806.8</p>
<p>Continue the use of "Skills for the Day" through Daily Workbooks and questions for math practice in multiple choice and multi-step open response questions. Action Type: Alignment Action Type: Collaboration Action Type: Equity</p>	<p>Joey Carr and Teachers</p>	<p>Start: 08/20/2012 End: 05/29/2013</p>	<ul style="list-style-type: none"> <li>• Administrative Staff</li> <li>• Performance Assessments</li> <li>• Teachers</li> </ul>	<hr/> <p>ACTION BUDGET: \$</p>
<p>Use research based math software for computer lab; Implement "Fast Facts" in the classroom and computer lab. Action Type: Alignment</p>	<p>Principal, Teachers, Para-Professional</p>	<p>Start: 08/20/2012 End: 05/29/2013</p>	<ul style="list-style-type: none"> <li>• Administrative Staff</li> <li>• Computers</li> <li>• Outside Consultants</li> <li>• Performance Assessments</li> <li>• Teachers</li> <li>• Teaching Aids</li> </ul>	<hr/> <p>ACTION BUDGET: \$</p>

<p>Action Type: Collaboration Action Type: Equity Action Type: Technology Inclusion</p>				
<p>Incorporate Literature &amp; Science into the Math curriculum. Books relating to various jobs and real world topics will be purchased for the teachers to incorporate into their math curriculum to help build an awareness of how math and science are intertwined and used in jobs and everyday life. Action Type: Alignment Action Type: Collaboration</p>	<p>Joey Carr, Teresa Lawrence, and Teachers</p>	<p>Start: 10/15/2012 End: 12/15/2012</p>	<ul style="list-style-type: none"> <li>• Administrative Staff</li> <li>• District Staff</li> <li>• Teachers</li> <li>• Teaching Aids</li> </ul>	<p>Title I - Materials &amp; Supplies: \$1000.00</p> <hr/> <p>ACTION BUDGET: \$1000</p>
<p>Trained teachers will meet with the Math committee to share information learned in Common Core Training, Instructional Facilitators Training, Cognitively Guided Instruction and any standards based math meetings throughout the year.</p>	<p>Joey Carr, Stephanie Carter and math committee members</p>	<p>Start: 08/20/2012 End: 05/29/2013</p>	<ul style="list-style-type: none"> <li>• Administrative Staff</li> <li>• Computers</li> <li>• Performance Assessments</li> <li>• Teachers</li> <li>• Teaching Aids</li> </ul>	<hr/> <p>ACTION BUDGET: \$</p>

<p>Action Type: Collaboration Action Type: Professional Development Action Type: Technology Inclusion</p>				
<p>Classroom teachers will meet to write Academic Improvement Plans for identified students. Parents will be asked to participate in the planning of the Academic Improvement Plans. These identified students will be targeted for extra help. Action Type: AIP/IRI Action Type: Collaboration Action Type: Equity Action Type: Parental Engagement</p>	<p>Joey Carr and Teachers</p>	<p>Start: 08/20/2012 End: 05/29/2013</p>	<ul style="list-style-type: none"> <li>• Administrative Staff</li> <li>• Teachers</li> <li>• Title Teachers</li> </ul>	<hr/> <p>ACTION BUDGET: \$</p>
<p>The highly qualified teachers and administrators will receive additional hours of professional development in their content area. The Sixth grade teacher will attend an Algebra for 6th grade teachers workshop</p>	<p>Sally Bennett &amp; Joey Carr</p>	<p>Start: 07/31/2012 End: 06/30/2013</p>	<ul style="list-style-type: none"> <li>• Administrative Staff</li> <li>• District Staff</li> <li>• Outside Consultants</li> <li>• Teachers</li> </ul>	<p>Title I - Purchased Services: \$75.00</p> <hr/> <p>ACTION BUDGET: \$75</p>

presented by The Learning Institute. The Cost of this workshop is \$75.00 travel and registration will be paid from Title I funds. Action Type: Alignment Action Type: Professional Development				
Teachers and administrators will participate in 6 hours of professional development relative to technology. Action Type: Professional Development Action Type: Technology Inclusion	Sally Bennett & Joey Carr	Start: 06/01/2012 End: 05/29/2013	<ul style="list-style-type: none"> <li>• Administrative Staff</li> <li>• Computers</li> <li>• District Staff</li> <li>• Outside Consultants</li> <li>• Teachers</li> </ul>	<hr/> <hr/> ACTION BUDGET: \$
The person(s) responsible for teaching Arkansas History will participate in a minimum of 2 hours of professional development in that area. Action Type: Alignment Action Type: Professional Development	Joey Carr	Start: 07/01/2012 End: 05/29/2013	<ul style="list-style-type: none"> <li>• Teachers</li> </ul>	<hr/> <hr/> ACTION BUDGET: \$
PROGRAM EVALUATION 1. Teachers will collect samples of student activities to be evaluated and	Joey Carr	Start: 08/20/2012 End: 06/30/2013	<ul style="list-style-type: none"> <li>• Administrative Staff</li> <li>• Outside Consultants</li> <li>• Teachers</li> </ul>	<hr/> <hr/> ACTION BUDGET: \$

<p>submitted to a CGI/Standards Based Team. 2. K - 6th grade teachers will submit three classroom sets of CGI problem solving activities every grading period. These materials will be reviewed by the math committee, building principal and curriculum coordinator. Based on 2012 data, there has not been a significant indication of school growth compared to Traditional teaching methods. Implementation of CGI began in the Spring 09 and will continue through the 12-13 school year with data analysis. However, initial data shows students within a fully implemented CGI classroom has resulted in a minimum of 95% proficient or advanced for that grade level for the past three years. This would indicate that CGI should produce positive</p>

<p>PROGRAM EVALUATION (1)</p> <p>K-2 students will be given an AIMSWeb Benchmark probe three times a year. Students performing below</p>	Joey Carr	<p>Start: 08/20/2012</p> <p>End: 05/29/2013</p>	<ul style="list-style-type: none"> <li>• Administrative Staff</li> <li>• District Staff</li> <li>• Teachers</li> </ul>	<hr/> <p>ACTION BUDGET: \$</p>

grade level will be progress monitored weekly with probes being administered weekly. Students in grades 3-6 will be given TLI interim assessments quarterly. (2) Results of these tests will be reviewed by individual teachers, the RTI Coordinator, and the building administrator. A determination will be made if any changes need to be made in instructional programming.

2010- K: data was completed by one classroom and showed gain throughout the year in all Math areas assessed. Data not complete in other classroom.

1st Grade: Data not completed

2010- 1st grade: Data showed improvement in all areas of Math.

2nd Grade: Marked improvement throughout the year. Started the year at 80% below target area, with gains to 80% above target.

2010- Math computation went

<p>from 43% above target at the start of the year, to 82% above target ending the year.</p> <p>3rd Grade: Started the year with 90% above target and remained approx. the same. 2010- Math computation started at 56% above target and showed gains to 69% above target.</p> <p>4th Grade: Started the year at approx. 70% above target and showed gains to approx. 93% above target. 2010- Math computation started at 75% above target and ended with gains to 78% above target.</p> <p>5th Grade: Started the year at approx. 53% above target and showed a loss to 38% above target. This is an area of concern, however, we don't know if this is a class group problem, or grade level problem. When we compared data from the past two years it was split. We will continue to analyze data throughout the 09-10 year. 2010- Math computation started at 53%</p>				
---	--	--	--	--

<p>above target and data is incomplete for the year.          6th Grade: Started the year at approx. 78% above grade level and showed growth to 92% above target.          2010- Math computation started with 42% above target and ended with 28% above target. This is an area of concern. We are currently analyzing the problem to see if calculator usage needs to decrease when it comes to computations. We want to make sure mathematical foundations are secured in knowledge and application.          Action Type:          Program Evaluation</p>				
<p>K-2 teachers and administrators will develop and administer interim assessment to monitor student achievement. They will be conducted to correlate with TLI dates. These tests should be of equivalent length and style to TLI modules. 3-8 Teachers will administer TLI interim assessments as</p>	<p>Joey Carr</p>	<p>Start:          08/20/2012          End:          05/29/2013</p>		<hr/> <p>ACTION BUDGET: \$</p>

<p>instructed by curriculum coordinator. Teachers will use all data collected from TLI to: determine strengths and weaknesses of the curriculum; differentiate instruction to accomodate all students, build timelines, adjust curriculum maps and analyze expected student growth.</p>				
<p>The Armorel Elementary teachers will administer the TLI interim assessments consisting of multiple choice and open-response questions. Interim data will be collected to determine the progress of student achievement. The testing modules will be given to grades 3-6 for math and science. NSLA funds will be used to purchase the Science Assessments and REAP funds will be used to purchase the Math Assessment. conferences. Action Type: Professional Development				
Total Budget:				\$9447.25

- Priority 2: Improve reading comprehension, vocabulary development, and writing skills across the curriculum for all students.
1. 2009 KINDERGARTEN MAT 8 LITERACY  
The lowest identified area for the combined population was Decoding Letter Sound Matching, Phonemic Awareness, Ask and Answer Questions About Text, and Vocabulary.  
THIS DATA INDICATES THAT KINDERGARTEN NEEDS ARE IN VARIETY OF TEXT, PHONEMIC AWARENESS, AND VOCABULARY.  
2010-2011 -KINDERGARTEN IOWA TEST OF BASIC SKILLS-Data indicated the lowest identified areas are in Vocabulary and Reading. 2012- KINDERGARTEN NO STATE ASSESSMENT DATA
  2. 2011 1st GRADE IOWA TEST OF BASIC SKILLS  
The lowest identified area for the combined population was Vocabulary and Reading Comprehension.  
THIS DATA INDICATES THAT FIRST GRADE NEEDS ARE IN THE AREA OF COMPREHENSION AND VARIETY OF TEXT.  
2012-1st GRADE IOWA TEST OF BASIC SKILLS Data indicated 89% of the students scored Advanced or proficient, and the lowest identified area is in Vocabulary Development.
  3. 2011 2nd GRADE IOWA TEST OF BASIC SKILLS  
The lowest identified area for the combined population was Reading Comprehension and Vocabulary.  
THIS DATA INDICATES THAT SECOND GRADE NEEDS ARE IN VARIETY OF TEXT, PROCESS, AND VOCABULARY.  
2012-2nd GRADE IOWA TEST OF BASIC SKILLS Data indicated 79% of the students scored Advanced or Proficient, and the lowest identified areas are in Vocabulary Development and Reading Comprehension.
  4. 3rd GRADE BENCHMARK LITERACY  
  
88% of the students scored proficient or above. Data indicated the lowest identified area for the combined population was in Practical Passages.  
THIS DATA INDICATES THAT THIRD GRADE NEEDS ARE IN THE AREA OF COMPREHENSION OF PRACTICAL TEXT.  
2012- 3rd GRADE BENCHMARK LITERACY Data indicated 100% of the students scored Advanced or Proficient, and the lowest identified area for the combined population was in Practical Passages.
  5. 4th GRADE BENCHMARK LITERACY  
  
2011- data indicated the lowest identified area for the combined population was Content Passages and Sentence Formation.  
THIS DATA INDICATES THAT FOURTH GRADE NEEDS ARE IN THE AREAS OF COMPREHENSION OF CONTENT PASSAGES.
- Supporting Data:

4th GRADE BENCHMARK LITERACY 2012 4th GRADE BENCHMARK LITERACY Data indicated 85% of the students were Advanced and Proficient with the lowest identified areas in Practical and Content Passages.

6.

5th GRADE BENCHMARK LITERACY 2011 data indicated 88% of the students scored Proficient or higher and the lowest identified area for the combined population was in Literary Passages. THIS DATA INDICATES THAT FIFTH GRADE NEEDS ARE IN THE AREAS OF COMPREHENSION AND VARIETY OF TEXT. 2012-5th GRADE BENCHMARK LITERACY Data indicated 87% of the students scored Advanced or Proficient with the lowest identified area in Practical Passages.

7.

#### 6th GRADE BENCHMARK LITERACY

2011 data indicated 79% of the students scored proficient or higher with the lowest identified area for the combined population was Practical Passages  
THIS DATA INDICATES THAT SIXTH GRADE NEEDS ARE IN THE AREA OF PRACTICAL PASSAGES.

2012- 6TH GRADE BENCHMARK LITERACY Data indicated 90% of the students scored Advanced or Proficient with the lowest identified area in Practical Passages.

8. The 2011-2012 elementary school attendance rate of 95.91% met the ESEA Accountability Report goal. Armorel Elementary School received an Improvement School Rating of 4 which represents the category of Schools Exceeding Improvement Standards. The 2011-2012 ESEA Accountability Report indicates the elementary school is in the category of NEEDS IMPROVEMENT FOR LITERACY. Our areas of concern are in the Subgroups of Economically Disadvantaged and Students with Disabilities. Literacy scores indicate we met Performance and Growth AMOs for the All Students group, but did not meet Performance and Growth for the Targeted Achievement Gap Group of Economically Disadvantaged and Students with Disabilities. The TAGG group shows a 1.42% deficiency between growth and AMO.

Goal To improve performance in Literacy both in comprehension of Practical text and writing skills, the Elementary realizes we have a need to replenish our resources of books. Our district has the technology to implement student learning growth and tools to foster organization, referencing, and vocabulary. However, some books have been worn out and some current non fiction books need updating. Professional Development has been available to all Literacy teachers in Ella/Elf, Writing Across the Curriculum, and AIMS Web. Our 6th grade teacher has been trained in Lit Lab and we will be sending our 5th grade teacher this summer. Therefore, our areas of concern K-6 will be addressed through ACSIP meetings during which teachers will analyze specific SLEs and collaborate to differentiate instruction to correct problem areas and more books will be purchased.

Benchmark On the Benchmark Armorel students scored 84.4% proficient or advanced in

2010-11. This demonstrates a decrease in scores. The Benchmark for 2011-12 will improve by 8%. Armored Elementary School did meet standards on AYP.

Intervention: K-6 regular and special education teachers will apply effective balanced literacy strategies learned in ELLA, ELF, CLASS, and Literacy Lab.

- Priority 3: The district will provide support for students in making healthy lifestyle choices.
1. The Armored District is composed of 2 schools with a total of 206 students in grades K,2,4,6,8 and 10 for which BMI assessments are mandated. Body Mass Index data presented indicates the percentage of students who may be at risk of poor academic performance. Body Mass Index Data SY 2007-2008: 186 students were assessed. Of the students assessed, the following represents the percent of students at risk of overweight and overweight: District: Males - 39.8%, Females - 46.3% Elementary: Males - 46.8%, Females - 52.2% High School: Males - 25.8%, Females - 30.8%
  2. Body Mass Index Data SY 2006-2007: of the 433 student population, 403 students were assessed. Of the students assessed, the following represents the percent of students at risk of overweight and overweight: District: Males - 42.3%, Females - 36.7% Elementary: Males - 41.8%, Females - 38.7% High School: Males - 43.0%, Females - 34.7%
  3. Body Mass Index Data SY 2005-2006: of the 418 student population, 347 students were assessed. Of the students assessed, the following represents the percent of students at risk of overweight and overweight: District: Males - 39.8%, Females - 36.4% Elementary: Males - 39.6%, Females - 35.8% High School: Males - 40.1%, Females - 37.1%
  4. School Health Index Module 1, School Health and Safety Policies and Environment: High School -Fundraising efforts supportive of healthy eating identified as an area needing improvement. Module 2, Health Education: Elementary - Professional development in health education identified as an area needing improvement. Module 3, Physical Education and Other Physical Activity Programs: Elementary and Middle and High School - Prohibit substitution for physical education identified as an area needing improvement.
  5. Free and Reduced Price Meal Eligibility SY 2007-08: District - 71.9% paid, 5.9% reduced, 22.2% free Elementary - 73.2% paid, 4% reduced, 22.8% free High School - 78.1% paid, 3.9% reduced, 18% free
  6. Free and Reduced Price Meal Eligibility SY 2006-07: District - 74.4% paid, 7.4% reduced, 18.2% free Elementary - 74.3% paid, 7.6% reduced, 18.1% free High School - 74.5% paid, 7.1% reduced, 18.4% free
  7. Free and Reduced Price Meal Eligibility SY 2005-06: District - 75.1% paid, 8.3% reduced, 16.6% free Elementary - 73.3% paid, 9.0% reduced, 17.6% free High School - 77.0% paid, 7.5% reduced, 15.5% free
  8. Mississippi County Unemployment Rate: 2008 - 9.7%; 2007 - 7.5%; and 2006 - 8.1%.
  9. Mississippi County Percent Population in Poverty, 2007 - 23.9%; 2005 - 24.0%; and 2004 - 22.1%.
- Supporting Data:

**Goal** The Armorel School District will provide support for students in making Healthy Lifestyle Choices by implementing systems to aid in decreasing the average BMI on routine annual student screening and increasing collaboration between all segments of the school community in support of positive lifestyle choices.

**Benchmark** By the SY 2010-2011 there will be a decrease of the average Body Mass Index for students by 1/2% as evaluated by the annual Body Mass Index Screening.

**Intervention:** By the SY2007-2008 there will be a decrease of the average Body Mass Index for students by 1/2% as evaluated by the annual Body Mass Index Screening.

Priority 4: The need to reduce disproportionality in the Special Education program

1. In the past, we were triggered for disproportionality. Presently we are not triggered but have kept this priority as a proactive measure for this subpopulation.
2. According to the Arkansas Department of Education Focus Monitoring Data for 2005 – 2006, the difference between the minority representation, specifically African Americans, in the Armored School District's overall student population and the minority representation in Special Education exceeds the state's 3-year average benchmark plus one standard deviation. Special Education Focus Monitoring District Data show that the number of minority children exceeded the number of minority students in the general population by 6.71% in the 2005–2006 school year; however in school years 2004-2005 and 2003-2004 there was not an over-representation of minority children receiving special education services in the Armored School District. The evaluation of the disproportionality data indicates consistent stability until last year.
3. Based on district data, there are a total of 44 African American students in the Armored School District. Of those 44 students 10 have IEPs (7BM and 3BF). Of the 10 students with IEPs, six (6) students transferred into the district with an IEP from another school district. Only one of those students with an IEP has always received special education services from the Armored School District. Prior to the 2005-2006 school year, the disproportionality trigger did not exist for the Armored School District

Supporting Data:

4. Student due process evaluation data show that disproportionality became evident with the influx of special education transfer students.

Goal The number of minority referrals and placements in special education will be decreased and disproportionality within the special education program will be reduced.

Benchmark The Armorel Elementary School will perform within one standard deviation of the state averages in the percentage of African American students identified for placement in Special Education by the end of the 2006-2007 and 2007-2008 school years and the disproportionality within the special education program will be addressed by reducing the number of African American students identified for special education services.

Intervention: Assessment interventions to reduce the need for the referral and placement of students in special education will be implemented school wide. Early intervening services will focus on students in grades K-6 to target and implement interventions for those identified as at-risk.				
Scientific Based Research: Boyd, D. A., Crowley, M. A., Buffington, J., & Hilliard, B. (2004?). A working paper on preventing disproportionality and over-identification in special education. Reynolds, C.R., & Kamphaus, R.W., (2003). Reynolds intellectual assessment scales. Psychological Assessment Resources.

A building-by-building review of data will be made to determine if too many black students are receiving speech-language services. Those students' records will be reviewed to determine if the student should remain in speech. Action Type: Special Education	LEA Supervisor	Start: 07/01/2012 End: 06/30/2013	<ul style="list-style-type: none"> <li>District Staff</li> </ul>	<hr/> ACTION BUDGET: \$
All results from norm referenced speech assessments given are reviewed to ensure cultural dialect is not a factor in placement. It must be determined the child has a true language processing disorder before being served in speech-language therapy. Action Type: Special Education	Speech Therapist	Start: 07/01/2012 End: 06/30/2013	<ul style="list-style-type: none"> <li>District Staff</li> </ul>	<hr/> ACTION BUDGET: \$
Total Budget:				\$0

Priority 5:

Supporting  
Data:

Goal Increase student achievement and foster a positive working relationship between the school, home and the community.

Benchmark 70% of the elementary parents returned their school survey. Data indicates 90% of those who responded reported they felt teachers, principal, and other school staff held high expectations for their child(ren) and they felt they and their child(ren) were treated with respect. The reception staff is friendly and very helpful. 85% felt the community, teachers and principal were able to articulate and were committed to the school mission. Everyone responding to the survey felt a teacher web page with assignments, upcoming events, projects, test dates, and study guides would be very helpful. Parents also reported they felt we needed to focus on more creative ways of teaching instead of Benchmark prep. They also wanted better communication between the teacher and home. The elementary parents reported they felt the best way to receive information from the school was through the school reach phone system, school website, e-

mail, and newsletter/memos. The survey indicated parents would like to see the parent center conduct more specialized meetings once a month to help them learn how to help their child with homework, computer safety, and ways to encourage learning outside of the classroom. 5-7p.m. was indicated as the best time to hold parent meetings. Creating better home school connections could be maintained and improved by more contact between the teacher and parent (WebPage), keeping the school web site updated on a regular basis was the biggest factor for communication.

Intervention: To increase student performance				
Scientific Based Research:				
Actions	Person Responsible	Timeline	Resources	Source of Funds
<p>Include parents in the process of academic achievement from the beginning of school by involving them in the transition period from preschool to kindergarten. Invite day care givers to tour the school, to ask questions and to give the school advice about individual students. Continue the transition process by involving parents in open house, walk throughs, parent nights, and parent and grandparent lunches with students. All caregivers should take ownership for the success of students.</p> <p>Action Type: Parental Engagement</p>	<p>Joey Carr, Melissa Booker, Teresa Lawrence</p>	<p>Start: 07/01/2012 End: 06/30/2013</p>	<ul style="list-style-type: none"> <li>Administrative Staff</li> <li>District Staff</li> <li>Teachers</li> </ul>	<hr/> <p>ACTION BUDGET: \$</p>
